Building the momentum to the 1st WASH in Schools International Learning Exchange (WinS ILE) in Africa

As a global inter-agency network aiming to harmonize efforts and promote alignment among MoE and partners, the WinS Network is hosting a series of webinar sessions to help pave the way for further discussion around and during the WinS ILE in Africa.

Planned as a trilogy of webinar sessions, a designated topic will be presented and discussed among representatives from Ministries of Education and their key WinS partners, including development partners, INGOs, and NGOs.

These webinars are designed to be informative and interactive, as they form a core part of the network's mission to 'foster a global community of practice on WinS to harmonise strategies for supporting governments around the world to plan, finance, implement and monitor integrated, inclusive, and sustainable WinS programmes.'
