## TAKING STOCK OF WinS

Preparing for the 2<sup>nd</sup> African  
WASH in Schools International  
Learning Exchange using the  
Enabling Environment Matrix

The WASH in Schools (WinS) International Learning Exchange (ILE) gathers governments and stakeholders. The event aims to improve schools' access to safe water, sanitation, and hygiene to achieve Sustainable Development Goals 4 and 6.

In March 2023, the Ministry of National Education and Literacy in Côte d'Ivoire hosted the first WinS ILE in Africa. Government representatives and development partners, including NGOs and INGOs, from 26 African countries attended the event.

To continue the progress made at the first ILE, a second WinS ILE is planned in Tanzania in May 2024.

**THE ENABLING ENVIRONMENT (EE) MATRIX** assesses national efforts towards Policy and Planning, Implementation, Budgeting, Monitoring, Capacity Building, and Innovation. It is used to plan WinS priorities and assess achievements during the ILE preparation.

**JOIN US ON MONDAY:**  
**8 APRIL 2024**  
**8:30 – 9:30 AM (UTC)**  
**10:30 – 11:30 AM (CEST)**  
**11:30 – 12:30 PM (EAT)**

This webinar will guide country delegations in using the EE matrix and share best practices and country examples in preparation for the WinS ILE in May 2024.

### ONLINE PRESENTATIONS AND Q&A SESSION:

- > Overview of the four recommendations from the first WinS ILE in Côte d'Ivoire
- > Overview of the EE Matrix: components and how to complete the matrix
- > Country examples from Africa
